

SEPTEMBER 2023

VIKING VIEW

A PUBLICATION OF THE HOPKINS BOARD OF EDUCATION

"Inspiring and empowering students to develop character and skills to pursue future successes."

FROM THE SUPERINTENDENT

Hopkins Public Schools Community,

The 2023-2024 school year is off to a great start! I hope this edition of the Viking View finds you in good health and excited for a fantastic school year.

As always, the physical and emotional safety of our staff and students continues to be a top priority. Quality instruction and learning can't take place until this is established. With help from Deputy Keefauver (our school resource officer) we are in the process of enhancing our district security measures, and through a partnership with Pine Rest, additional mental health resources are available for both students and staff for the 2023-2024 school year.

We have an incredible staff at Hopkins Public Schools, including our dedicated Board of Education members. Collectively we believe that the success of our students goes well beyond traditional test scores. To meet the needs of all learners, Hopkins Public Schools offers a wide range of courses/programs beyond the state mandated curriculum. These include: AP courses, dual enrollment, early college, visual and performing arts, career exploration, robotics, FFA and athletics.

This past April, the Board of Education approved the district's new five year strategic plan. As part of this plan, a group of school and community stakeholders developed a series of "Belief Statements" to guide us for the years to come. These statements are outlined below:

We believe

- *Hopkins Public Schools will provide a safe school environment for our students, staff and the community.*
- *Education is a shared responsibility, and we value strong community partnerships.*
- *Critical thinking, problem solving, creativity and a strong work ethic are needed to be successful.*
- *Resilience, hard work and self-motivation are essential for success.*
- *Learners will be supported to reach and expand their potential.*
- *Respect, empathy and open-mindedness are essential for a healthy community.*
- *Accountability by all and for all builds a stronger community.*

It is my honor to be part of this amazing community, and it is always a great day to be a Viking!

Scott VanBonn
Superintendent

HOPKINS PUBLIC SCHOOLS-FOOD SERVICE

Welcome to the 2023-2024 school year! Hopkins Public Schools is pleased to announce participation in the Healthy School Meals for All initiative. Michigan public schools will offer free breakfast and lunch to every student for the entire school year. The program will help with food insecurity and improve student concentration and performance.

We do ask that each family fill out a [School Meals Application](https://hopkins.familyportal.cloud) online at hopkins.familyportal.cloud; or request a paper form from your school office. Completing the application takes less than 10 minutes and helps students receive helpful resources. The total count of eligible students determines the funding provided to the school district. The funding helps with instructional staff (one-on-one interventions), teaching supplies, counselors, social workers, school nurses and numerous others benefits for the students.

YEARS OF SERVICE

30 Years

Jennifer Hitchcock

CONGRATULATIONS

HPS Introduces New Nursing Staff

Jennifer Boyd is a Registered Nurse joining the district with 20 years of healthcare experience. The majority of her career has been in emergency medicine, trauma, cardiology and clinical education. During her time in emergency medicine, she developed a passion for health prevention and education in the community. Jennifer and her husband Joe are both graduates of Wayland High School. She and her family are Hopkins residents and both children attend Hopkins Elementary. In her spare time, she enjoys crafting, fishing on Lake Michigan and spending quality time with family. Jennifer is so excited to embark on this journey with the district and is humbled by the opportunity. GO VIKES!

Rachel Connelly moved to West Michigan to attend nursing school in 1983. She and her husband Jim remained in the area and raised their three children in Jenison. They recently moved to Caledonia. Rachel has worked in the hospital, doctors offices, private duty, and most recently in the school setting. She enjoys reading, gardening, arranging flowers and coffee. Rachel grew up on a farm in an area similar to Hopkins and is excited to join HPS as one of the District Nursing Supervisors.

- Information for School-Aged Youth
- Locker Search Policy
- Student Privacy & Parental Access to Information

HOPKINS PUBLIC SCHOOLS - CURRICULUM

Hopkins Public Schools: Fall Curriculum Updates

Elementary Schools Update:

- **New ELA Program - Open Court:** The elementary schools have introduced a new English Language Arts (ELA) program called Open Court. This program is likely to bring changes to how language arts is taught, incorporating new teaching materials, methods, and approaches to improve students' reading, writing, and communication skills. Teachers have undergone the initial training to effectively implement this new program and will receive training throughout the implementation process.

Middle School Update:

- **ELA Program Review and Pilot:** The middle school is in the process of reviewing ELA programs for grades 6-8. This review is aimed at assessing the effectiveness of current programs and identifying areas for improvement. A pilot program is scheduled for the 2024-25 school year, where selected programs will be tested in a controlled environment to gather feedback from teachers and students. This feedback will be used to make informed decisions about which program(s) to implement.

High School Update:

- **Officiating Class:** The high school added an officiating class to their schedule this year. Technology and an interactive website will help the instructor cover topics such as the rules and regulations of the specific sport(s) in officiating, along with game management, communication skills, conflict resolution, decision-making under pressure, and understanding the role of an official.
- **Curriculum updates through Department Collaboration:** This involves collaboration among various subject departments to identify areas for improvement, update content, incorporate new teaching methodologies, and align the curriculum with current educational standards. This collaborative approach can lead to a more integrated and effective curriculum that prepares students for higher education and beyond.

Specialized Instruction Update:

- **The Middle School is adding three new reading intervention classes for grades 6-8.** The intervention classes will provide explicit reading instruction to develop student's individual reading skills.

Remember that implementing these updates successfully requires careful planning, professional development for teachers, and ongoing assessment to measure their impact on student learning outcomes.

Respectfully,
Karmin Bourdo
Director of Instruction, Hopkins Public Schools

SYCAMORE ELEMENTARY

Hi! My name is Kristen McCullough and I just recently graduated from GVSU with a degree in mathematics and elementary education. I will be teaching 2nd grade at Sycamore elementary and I am so excited! A fun fact about me is that I will be a fourth generation teacher, and I am proud to carry on the legacy! Some things I like to do in my free time are spend time with friends and family, travel, and read. I am so excited to start this journey!

HOPKINS ELEMENTARY

Hopkins Elementary School (HES) has been a busy place this past summer! Some highlights include our Summer Enrichment programming, STEAM Camp, the John P. Myers Reader Feeder and the addition of several new teachers!

Our Summer Enrichment program was able to keep students academically and socially engaged this summer. Project Based learning, numeracy challenges, reading comprehension and writing activities were able to help Hopkins Elementary learners both have fun, build social skills and prepare for further learning.

HES's Science Technology Engineering Art and Science (STEAM) Camp serviced over 20 HES students. This fun camp was free to attend, as funding was provided by the Brower family and Jeff Brethauer (5th grade teacher) volunteered his time. Learners at this camp enjoyed the opportunity to build community and look at solving science based problems through activities and experiments. AAESA and the Brower family fund provided materials to ensure access for our pupils to build and program Lego and Dash robots, launch rockets, make slime, throw boomerangs and design Rube Goldberg machines.

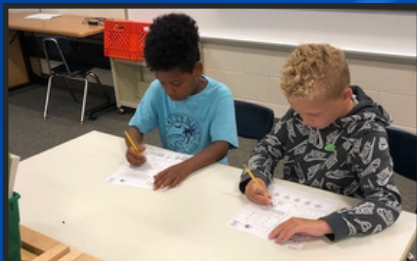

The John P. Myers Reader Feeder was out and about in our district on five different trips this summer. I enjoyed delivering books this summer to students on our Reader Feeder. This was a great chance to stay connected with our students while sharing a love of reading, some good laughs and popsicles!

Please join HES as we welcome our newest teachers and congratulate our staff who have chosen new assignments! Barb Evans (3rd grade) joins us from Otsego Public Schools. Barb comes to us with great teaching experience and is excited to work within the district that her children attend. Rachel Saltzgaber, who was teaching last year outside of Cleveland, Ohio, will be our newest 4th grade teacher. She is happy to be in West Michigan and is looking forward to serving the Hopkins community. Anne Galligan has worked for HPS for 18 years and is moving from 3rd grade and will be our new Art teacher. Anne will be able to fully use her artistic talents and training in her new role. Sam Legg (Norg) was in 4th grade and will now be teaching 5th grade. Sam is happy to bring her experience in multiple districts and grade levels to our upper elementary.

Please know we are going to have a wonderful year and we look forward to seeing you at our Fall Parent Teacher Conferences on October 24, 2023 (4-7pm) and October 26, 2023 (4-6pm)!

Go Vikings!

John Krajewski, Principal
Hopkins Elementary School

HOPKINS MIDDLE SCHOOL

Making School an Experience

Dear Hopkins Students and Families,

Today is August 15th. The day before HMS holds its annual 6th-grade Orientation. Summer has flown by yet again, and I find myself eagerly anticipating another upcoming school year. There is something special about the cycle of new beginnings and reconnecting with old friends that is found each year at Hopkins Public Schools.

There are so many things that make Hopkins Middle School a special place to be. I thought I'd take a moment to highlight some of those things before we kick off the year.

If you've been in the community for a while, you've heard of our amazing team of 6th-grade teachers. Mrs. Aleman, Mr. Barry, Mr. Rynsburger and Mrs. Weick collectively, have over 80 years of teaching experience in our school! Checkbooks, ROAD Card Drawings, Clear Lake Camp, and exciting ROAD Auctions all come together to make 6th-grade a fun, class-building experience for our students.

All students are able to enjoy a wide variety of exploratory classes and/or a top notch fine arts experience. A few years back, we made the change to add these exploratory offerings for our students. This meant that each core class teacher was asked to come up with a curriculum around a life skill or hobby the teacher was excited about. Current Events, Poetry, Tech Trends (including 3D printing and robotics), Digital Design, and Botany are just a few of the offerings you will find within the 7th-grade alone! Mr. Fisher, Ms. Klocke, Mr. Reszka, Mrs. Ruegsegger, and Ms. Schwartz all create classrooms that inspire and engage!

Those students interested in Band and Choir will have an opportunity to take these classes their entire secondary career. Mrs. Williams is an accomplished director who builds a family-type community in her band. Although we are welcoming a new choir director to the district, the foundation of skills and community is present thanks to our long-time director, Mr. Oaster.

We are lucky enough to be able to offer all students two- trimesters of PE and one trimester of Art each school year. Students with an inclination towards athletics or visual arts are pushed to new heights in a warm, encouraging environment thanks to Mrs. Klumpp, Mr. Hazen and Ms. Dana.

For those students who need a little extra help, we have a great team of specialists in Mrs. Irwin (Math) and Mrs. Meerman (ELA, formerly known as Ms. Barg). These two teachers have been at the forefront of a push to provide extra help to all students, not just those where help is prescribed. Not all districts are lucky enough to have specialized instructors with this disposition.

To wrap up their middle school experience, our students have the perfect blend of seasoned veterans and next generation teachers. Mr. Myers, Mrs. Pulaski, Ms. Savage, and Mr. Scudder consistently rise to the challenge of teaching their own content standards, while at the same time preparing students for high school. 8th-grade students also experience career exploration through lessons taught by our school counselor, Mrs. Combs, as well as hands-on activities like Career Fair and a Tech-Center visit by the end of the year.

The middle school years are an exciting time. Students grow so much both academically and socially. Think back to your own experience. What do you remember? I'd be willing to bet you remember something about a relationship you had with a friend or the influence a special teacher had in your life. I'm proud to work in a building full of so many people who want to make a positive impact on the lives of our students. This year is going to be one of the best ever!

Sincerely,

Scott Stockwell
HMS Principal
